BRISTAN

Bathroom Taps & Showers

PRODUCT BENEFITS EXPLAINED

1 Outlet
One shower outlet.

2 Outlets, 1 On
Two shower outlets, which can only run separately.

2 Outlets, 2 On
Two shower outlets, which can both run at once.

3 Outlets, 2 On
Three shower outlets, two of which can run at the same time.

Easy Fit Installation
Designed to make installation quicker and easier.

Luminance Chrome
A hard-wearing, flawless finish that lasts for years. It's also scratch resistant and salt spray tested to ensure added durability.

Family Safe
Thermostatic temperature control and automatic stops prevent surges of hot or cold water.

Precise Glide
Features ceramic cartridges for long life durability and more precise control.

Eco-Friendly
This shower saves as much water as possible (but it doesn't feel like it).

Anti-Limescale
Reduces build up and helps extend product life.

Rejuvenating
This shower uses a medium amount of water - just enough for a powerful, rejuvenating flow.

Drenching
This shower fully soaks you with water for the most indulgent showering experience.

Welcome

Looking for bathroom inspiration? You've come to the right place. From showers that protect your family to eco features that help save water, we've got everything you need to get your bathroom working brilliantly.

We've even included a handy selection of icons to clearly highlight the benefits of each product so you can easily evaluate each one. Happy hunting.

The Bristan Team

Introduction 4

We've covered a few of the things to consider when choosing your new tap or shower, as well as information on our quality standards and guarantees.

Showers 10

Brilliantly easy to install and even easier to replace. Whether you're looking for a touch of contemporary style, or something with a traditional twist, we've got the shower for you.

Taps 44

Taps are more than just extras, they're the perfect finishing touch. From jaw-dropping styles to brilliantly simple installation, we can help whatever your taste or budget.

Accessories 81

Sometimes it's the little things that make the biggest impact. Our wide selection of accessories offers the opportunity to add style and distinction to your bathroom.

Products you'll love, designed to last

We're the UK's number one for taps and showers.

For over 40 years, Bristan has been creating products that help make the everyday easier. Designed and engineered here in Britain, we pour our heart and soul into creating styles and collections that perform beautifully and last for years. That's why you're sure to find a Bristan product within 1 in 5 homes across the UK.

Quality you can rely on

As a company that designs and engineers our products in Britain, you can be sure everything conforms to UK water regulations.

However, we don't rest there. We test our products at our state-of-the-art testing facility to make sure they really last. From putting our showers through the equivalent of 130 years of continual use, to pressure testing our taps to five times the pressure of a domestic water supply, we make sure our products deliver on every level - so you can rely on them for years to come.

Our promise to you

For real peace of mind, all our products are backed with solid warranties and guarantees.

What's more, should you have any questions or concerns, our award-winning customer service and dedicated engineering teams are always on hand to help.

Now guaranteed for 10 years.

At Bristan, we're constantly inspired by our customers to make improvements across our range.

That's why we have enhanced the specification of our core range of taps with next-generation components that make our taps perform even better than before. Across our bathroom tap ranges* you'll find products that are quieter, smoother and even more durable.

In fact, we're so confident of the quality of our new and updated components that we've increased our guarantee period from 5 to 10 years.

Turn to Bristan for taps with technology you can trust.

Thanks to our new ceramic cartridge at the heart of them, our taps will stand up to whatever tests family life throws at them, time and time again. That's a promise, that's a 10 year guarantee.*

*exclusions, terms and conditions apply. See bristan.com for full details.

Our bathroom products

From unique features that make installation a dream to a wealth of choice so you get the perfect experience. Our taps and showers help make the everyday feel special.

Showers

Whatever your style of bathroom or level of water pressure, there's a Bristan mixer shower for you. All our showers are thermostatic, which means they're brilliant at regulating water temperature, so they'll never run too hot or too cold.

Choose a rainfall shower for the ultimate luxurious soaking, or how about a minimal concealed valve for a modern spa feel? Whatever you decide, our shower valves are cleverly designed to fit even the most awkward of spaces.

It's your bathroom, so make it your own.

Taps

We've got something for every space - from ultra-modern, angular cloakroom taps to traditionally styled statement mixers. Plus you'll find options from one to three tap hole basins along with a wealth of bath mixer styles.

Need help choosing? You can find out more about each product on our website - [bristan.com](https://www.bristan.com)

WHICH VALVE IS RIGHT FOR YOU?

DUAL CONTROL, SINGLE OUTLET

Choose between a fixed head or shower kit.

DUAL CONTROL, TWO OUTLET

Allows you to have both a fixed head and shower kit and alternate the flow of water between the two while in the shower.

THREE HANDLE CONTROL, TWO OUTLET

Water can flow to both a fixed head and shower kit at the same time for an invigorating shower experience.

THREE HANDLE CONTROL, TWO OUTLET AND STOPCOCK

Create the ultimate spa showering experience with body jets as well as a fixed head and shower kit.

Showers

From eco showers that help you save water, to luminance chrome that helps you save on cleaning, we've got the perfect shower to fit your lifestyle.

Thermostatic - what does it mean?

Tired of hot and cold water surges in the shower? Smart thermostatic technology ensures a constant water temperature no matter who uses water elsewhere in your home.

For extra safety, our Safe Touch technology helps keeps the outside of the shower case cool while you're enjoying a shower.

Single or dual control?

Showers with a single control allow you to change the water temperature.

Showers with dual controls let you change the temperature and the flow. This can be a great feature for families with younger children - who might not like the force of a strong flow.

Electric showers

Fed from your cold water mains-feed rather than a hot water cylinder, electric showers are economical as water is heated as you need it through an integral heater in the shower unit. This means you can always have a hot shower, no matter how busy your bathroom is or even if your boiler breaks!

Simple to fit - Easier to replace

DESIGNED WITH MULTIPLE WATER AND CABLE INLET POINTS.

If you're replacing an existing electric shower, then installing a Bristan could be a lot easier than you think.

Our showers are designed with multiple inlet points so it's easy to pair up with the electricity cables and water pipes you already have in place. Even better, our shower units are a universal size, so they're sure to fit right into the space left by your old shower. It couldn't be easier.

Tap ranges

They may be one of the smaller features in the bathroom, but our taps can help transform your look.

TRADITIONAL AND TIMELESS

1901

Timeless 1901 is one of our longest established ranges, characterised by simple shapes and subtle, traditional touches that work perfectly in any bathroom.

CLASSIC SOPHISTICATION

Renaissance

Traditional meets sophistication in Timeless Renaissance, a classically styled collection defined by subtle elegance and smooth lever handles. The fashionable detailing of these taps and showers fit perfectly into current interior trends. So, while inspired by times gone by, this enduring range will never get old. All built using the classic methods and precision of quality watchmakers.
