welcome to MERLYN

We've built our name and reputation on a simple ethos – to deliver on everything we promise to our customers.

This is because you are at the heart of everything we do. We have a relentless desire to deliver the highest level of attention to detail.

Our award-winning customer service department – and the wider MERLYN team live this ethos every single day.

We're passionate about innovation, quality and design, and this is reflected throughout our ranges. Our unique approach has resulted in us becoming the No.1 shower enclosure brand in the UK and Ireland. When you choose a MERLYN shower you are investing in one of the world's most luxurious showering environments and you get the added peace of mind of our Lifetime Guarantee.

Thank you for choosing MERLYN.

The **MERLYN** Team

Award-Winning Customer Service

It is not about what we do but what we can do for you. We promise we will always be there for you at any stage of your journey with MERLYN. We have a genuine commitment to service and to finding a solution for you. Our specialised team's philosophy is to make everything easy for you and we will respond immediately to any request you might have.

We strive everyday to make excellence a habit. Contact our award winning dedicated team of specialists, who are on hand to give you a personalised solution to your query.

THE ULTIMATE TRAY EXPERIENCE

Without Mershield Stayclear™

With Mershield Stayclear™

Natural glass surface.

Mershield Stayclear™ coating creates a smooth layer over the surface of natural glass, lowering surface friction, making it easier for water, soap and lime deposits to run off the glass.

MERSHIELD™
STAYCLEAR

Mershield Stayclear™

MERLYN treats every product in the Series Collection with a special protective coating to ensure the glass maintains its sparkle. This comes as standard as part of our on-going commitment to service.

Mershield Stayclear™ acts as a protective coating which when applied to glass, helps the glass to remain shiny and new without the need for tiresome cleaning. When cleaned correctly it helps prevent the build up of limescale and soap deposits making the shower glass “easy to clean”. Please see tips for keeping the glass in pristine condition.

See page 91 for cleaning tips

MERLYN Lifetime Guarantee

MERLYN is committed to developing products that meet the highest demands in terms of design, performance and quality.

Due to our extreme confidence in our products and our unrelenting desire to deliver only the highest level of service, we have created the MERLYN Lifetime Guarantee.

MERLYN shower enclosures are crafted and engineered for a lifetime.

Features

- Customise your space in a variety of configurations. TUV tested to withstand 150kg.
- Mount highly adaptable accessory arms to the rail and easily adjust and swivel to any height or direction required.
- Accessories are retro-fittable. They can be added easily at any time to suit the changing needs of the user (without removing the rail).
- Easy cleaning - a container arm that pivots 180 degrees for easy access to tiles on all sides. Our matt textured container is fitted with a removable brushed stainless steel base for easy cleaning too.
- Versatility - Position the container on a rotatable accessory arm or even onto the rail itself for a variety of needs.
- Built to the European Inclusive Design Standard I.S EN 17161:201

* 1 year guarantee on all plastic and wearable parts
* Rail max load of 150kg / 15Nm

*Our ARC Rail is the perfect accessory for the bath. Designed as a helping hand getting in and out of the bath tub.

revo shower accessories

Flexibility, function and adaptability come to the fore, with revo shower accessories, designed to keep your shower enclosure pristine and uncluttered.

Features

- Multiple storage options - choose from an integrated storage system comprising shower accessory hooks, soap holder and shampoo holder.
- Subtle design - a matt textured white ABS plastic finish on the container and hook accessory components as well as the arm mechanism.
- Easy cleaning - a container arm that pivots 180 degrees for easy access to tiles on all sides. Our matt textured container is fitted with a removable brushed stainless steel base for easy cleaning too.
- Versatility - Position the container at any height on a rotatable accessory arm or even onto the rail itself for a variety of needs.

*1 year guarantee on all plastic and wearable parts
 * Accessory arm max load 1.5kg

Riser

revo riser can be attached to the rail and is retro-fittable. It is easy to operate with one hand. Its position can be easily adjusted on the rail.

*Shower head used for illustration purposes only.

Accessory Kits - Rail not included

10 | series

This range is the flagship of the MERLYN Series Collection, it exudes the very finest in style, luxury and quality. These beautifully designed solid doors can be personalised to suit any space and design requirements.

Why choose 10 Series?

Up to 10mm glass

Adding to the quality feel of this range, 10 Series products are manufactured using up to 10mm toughened safety glass.

Towering glass height

With up to an impressive 2100mm glass height, 10 Series gives you an amazing sense of space when showering.

A choice of handles

The 10 Series range gives you a choice of handles to suit your own personal style with both a chrome circular handle and an eyelet handle as standard with your enclosure.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (CE & UKCA mark info page 93).

Quiet glide wheels

Using MERLYN'S years of engineering experience, the 10 Series also features a quiet glide wheel which softly opens and closes with minimum effort.

*Please refer to adjustments and height before purchase

Bespoke

- Sliding Door

Create the perfect Sliding Door to suit your space. MERLYN offer bespoke sizes for the 10 Series Sliding Door and Side Panels. With extra heights, widths and glass colour options to choose from, it's time to make your MERLYN shower truly unique to you.

For a detailed quote please contact MERLYN directly on 0808 101 1429.

Glazing Options

There are 4 glass options to choose from: Standard Clear, Smoked Black, Satin and Opti-White. Please note these are additionally priced options.

Ordering Bespoke Products

To order a bespoke product please supply a drawing with accurate measurements to MERLYN at sales@merlyn.ie or call the customer service team directly on 0808 101 1429. Please contact MERLYN for additional delivery charges on side panel sizes over 1200mm and further terms and conditions.

Bespoke Heights.

Max height available is 2200mm with minimum height of 1900mm.

Bespoke Widths.

Max width available on Sliding Door and Fixed Panel is 2000mm. Side Panels can be created from 300mm wide up to max width of 2200mm.

Glass Options.

-  Standard
-  Smoked Black
-  Satin
-  Opti-White

8 | series | *frameless*

If your bathroom is crying out for an enclosure that has a minimalist designer frame the 8 Series Frameless range is perfect. With its chrome hinges and handles, it's the perfect complement for any modern styled bathroom.

Why choose 8 Series frameless?

8mm glass

The 8 Series Frameless range features stunning 8mm frameless glass, standing at the impressive height of 2000mm.

MERLYN signature badging

For the designer look, the minimalist frame is complemented with subtle MERLYN embossing. A true mark of quality for you to showcase in your bathroom.

Horizontal designer handle

The Hinged and Quadrant shapes in this range feature our exclusive horizontal handle which offers the perfect symmetry and solid feel to this truly stunning range.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (UKCA and CE mark info page 93.)

Ultra slim hinges

Complementing the designer minimalist look, the ultra sleek one piece hinges on our 8 Series Frameless range are our most innovative to date. The internal mechanics are concealed fully in one elegant chrome plate, which gives you a secure showering environment with added style.

One Door Quadrant

8 Series
frameless

8 | series

If you are looking for a large selection of shapes to choose from, then 8 Series is the range for you. This range is a true style statement, with ingenious functionality. An excellent choice for all homeowners.

Why choose 8 Series?

8mm covered

The 8mm glass in the 8 Series range is that great balance between our 10mm range and 6mm ranges. The glass is also toughened and tested rigorously to ensure maximum safety.

Easy clean double rollers

This feature on our 8 Series range is a great addition to make your enclosure the easiest to clean on the market. Simply push and release for easy cleaning in those hard to reach areas.

Every space covered

Not every space is the same, so MERLYN have designed a range of Inline Panels which can be added to standard enclosures to fit any width from 650mm to 1900mm. These ingenious semi-frameless panels, with a generous glass height of 1950mm, gives you options for almost any width you need.

Ergonomic handle

The elegantly designed internal and external handles are designed to effortlessly close the shower to a solid "Clunk" each time you shower. With a beautiful solid chrome plated finish, it adds a designer touch to your enclosure.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards. (UKCA and CE mark info page 93).

6 | series

The 6 Series range is the perfect choice if you are looking for a portfolio of shower enclosures to accommodate any space and design requirements.

Why choose 6 Series?

Easy clean double rollers

This feature on our 6 Series range makes your enclosure the easiest to clean on the market. Simply push and release for easy cleaning in those hard to reach areas.

A great range at a great price

The MERLYN 6 Series range offers all the benefits, design and technology of the Series Collection but at more accessible prices. This range delivers on style, function and value for money.

Chrome dual handle

A luxurious chrome dual handle complements the look of this framed range of enclosures with a discreet inside handle and larger external handle for easy closing.

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards. (UKCA and CE mark info page 93).

Every space covered

Not every space is the same, so MERLYN have designed a range of Inline Panels which can be added to standard enclosures to fit any width from 670mm to 1915mm. These ingenious semi-frameless panels, with a generous glass height of 1900mm, gives you options for almost any width you need.

Curved Wetroom Panel

Wetroom Panel with Curved Hinged Panel

Curved Wetroom

- & Hinged Panels

The beautiful curved glass of the new 8 Series Curved Wetroom panel follows the contour of your offset quadrant tray, giving a softer finish. The extra length of the curved panel also deflects water spray inwards. This frameless design boasts Mershield Stayclear, ensuring peace of mind with the Merlyn Lifetime Guarantee.

features.

- Height 2015mm including rail
- Minimalist frameless design
- Reversible
- Folds flush with shower panel
- Suitable for wetroom and shower tray application
- Can be used with 800mm and 900mm trays
- Swivel Panel swings inwards only to deflect shower spray

How SecureSeal works

01.
Pull down arm
from storage
position.

02.
Extend screen and
locate panels.

03.
Fully extend and
clip into position
for a secure fit
and tight seal.

SecureSeal.

by MERLYN

The Ultimate Leak-free Bath Screen

The SecureSeal by MERLYN has been designed with a leak free sealing arm which extends from the profile to create a complete seal between the bath and screen. When not in use the arm simply folds away back into the profile.

SecureSeal by MERLYN offers functional and easy to use designs to complement any bathroom space. With glass screen heights of 1500mm and 6mm glass, our SecureSeal by MERLYN range allows you to enjoy peace of mind in a leak free shower experience for years to come.

This range has been designed with the same superb materials and unrelenting attention to detail demonstrated across all MERLYN ranges.

BATH SCREENS

Innovative design and contemporary aesthetics bring this bathroom favourite to life. This modern collection has been created with the same superb materials and unrelenting attention to detail demonstrated across all **MERLYN** ranges.

Why choose MERLYN Bath Screens?

180° inwards swing

The signature piece of this range, the Two Panel Hinged Bath Screen features a secure 180° inwards swing which means you can position the glass where you can comfortably deflect water into the bath and not on to the floor!

Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards. (UKCA and CE mark info page 107).

Rise and fall

All Merlyn Bath Screens have a rise and fall hinge to make it easier for you to open.

Cleaning

- It is important to clean your MERLYN Bath Screen after every use. Wipe down all the glass and metal parts with a soft cloth.
- Do not allow limescale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.
- Clean the glass regularly using soapy water.
- Do not use abrasive products on any surfaces.

Product Information

- MERLYN Bath Screens are not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes.
- Fitting of screen on baths which have raised head rests or shapes is not recommended.
- There must be no items causing obstruction with the seal and bath, as any of the above may cause leaks.
- When choosing your Bath Screen, please ensure that if your bath has bath handles, they do not interfere with the bath rim area where your screen will be placed.
- When choosing an in-swing or folding Bath Screen, please ensure your swing area is not interfering with any brassware or internal shower features. Similarly, when choosing an out-swing, please ensure the out-swing area is free from any obstructions.
- The MERLYN MB7 2 Panel Hinged Bath Screen is handed so please ensure you state whether you require a right or left handed configuration when ordering.
- It is recommended the shower head position is situated on the same wall to which the Bath Screen is fixed and in the centre of the shower area.

19 Bath Screens to choose from

Whether you are looking for a fresh modern angular style shower screen or a minimalist curved frameless screen, we have a great choice of styles, panel options, open and close features in this range of MERLYN Bath Screens.

Great space saving features

Featuring both design and functionality the 2 Panel Curved Bath Screen is the ultimate in space efficiency. With a sleek chrome towel rail and fitted internal shelves, this piece combines style with purpose for in bath showering.

HydraSEAL

We have created an exciting new feature, exclusive to MERLYN Bath Screens called HydraSEAL

HydraSEAL acts as an extra barrier, sealing the gap between the seal and the pivot point where water can usually escape.

It contains a high density foam that compresses onto the bath screen to form a tight seal and restricts water escaping from this problem area.

HydraSEAL is now available on our MB1, MB2, MB3, MB3A and MB3B bath screens.

HydraSEAL creates a barrier to restrict leaking!

TRUESTONE®

Luxurious textured slate trays

Beautifully handcrafted and ultra-low slate trays, elegant in appearance and luxurious to touch. With 5 finishes to choose from - Black, Sandstone, Graphite, White, and Fossil Grey.

These trays will bring an element of natural beauty and a truly designer finish to your bathroom.

Feature Highlights

- Ultra slim: Only 30mm in height
- Handcrafted from high grade stone resin
- 5 colour options - Black, Sandstone, Graphite, White and Fossil Grey
- Integrated discreet waste
- Luxurious textured finish
- Can be fitted on or level with floor
- Comes with 90mm fast flow waste
- Our self cleaning vortex design: Offers a maintenance free solution as it doesn't require any cleaning
- Please Note: Images are for illustrative purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process.

DISCLAIMER

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

Please see page 94 for important tray information.

Function with style

The MStone double skin stone resin tray is sleek and sophisticated in design. A highly engineered tray providing rigidity and strength, combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray. In such cases you will need the MStone shower tray panel kit. MStone panel kits are available separately.

The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to its ultra-smooth, non-porous surface.

THE MSTONE TRAY IS CAPPED WITH AN EASY TO CLEAN SURFACE THAT PROVIDES A CHEMICAL RESISTANT, ANTI-BACTERIAL SOLUTION DUE TO IT'S ULTRA-SMOOTH, NON-POROUS SURFACE.

Why choose MStone Trays?

Fast flow waste
90mm fast flow waste, includes hair trap and chrome cover.

Adjustable leg system
Graduated adjustable leg system. Bottom acrylic capped ABS layer.

Easy fit tray panel
Graduated adjustable leg and easy fit tray panel kit.

MStone Tray
1. Top Acrylic capped ABS layer
2. Stone Resin
3. Bottom ABS layer (encapsulates the tray)

Feature Highlights

- Double skinned for added rigidity
- 50mm high to achieve minimalist design
- 130mm high including tray panel set
- The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to its ultra-smooth non-porous surface.
- Comes with 90mm fast flow waste
- More than 30 sizes available
- Available as low level or with tray panel kits for easy installation
- Shower tray Lifetime Guarantee*

*This guarantee covers manufacturing defects only.

Product Information

We have produced this product section to help you with your purchasing decision. For further information please contact your local stockist, details of which can be found at www.merlynshowering.com

Product information

All products are manufactured in accordance with EN14428 and utilise toughened safety glass to EN12150.

All shower trays are manufactured in accordance with EN14527.

All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.

All enclosures, wetrooms and panels are Power Shower approved – will retain water under normal showering conditions.

Water retention is maintained in all products under normal showering conditions.

A selection of MERLYN enclosures are frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.

Opened cartons can not be returned. Returns carry a £40 box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted.

All products are supplied complete with full installation instructions and the necessary fixings.

Check with your dealer for accurate matching of material samples. Product descriptions do not imply the use of precious or valuable materials.

Our policy of reviewing product design and development on a regular basis means MERLYN reserve the right to change product specifications and prices without notice.

Only shower enclosures, panels, MStone shower trays and bath screens are covered by the Lifetime Guarantee. Please contact the MERLYN sales team for more details.

Glass shattering and parts subject to wear are not covered by the Lifetime Guarantee.

For full details on all product ranges please contact MERLYN Showering on 0808 1011429 or log onto www.merlynshowering.com.

Trays shown in this catalogue are for illustrative purposes only.

Images are for illustration purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.

Cleaning

- It is important to clean your MERLYN shower door and tray after every use. Wipe down all the glass and metal parts with a soft cloth.
- Do not allow lime scale to build up in hard water areas.
- Ensure that any residual water on the glass is removed after every use.

- Clean the glass regularly using soapy water.
- Do not use abrasive products on any surfaces.
- Install the enclosure in a well ventilated area.
- For more information on Mersfield Stayclear™ glass please see page 08 of this brochure.

Information and maintenance

Always read the instructions on the packaging, chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

Important shower tray information

- It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- The waste has the capacity to carry away 29L/Min. High powered systems may exceed this. Please check with the manufacturer.
- Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- Please ensure that the colour and size of shower tray You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- For open ended shower screens please consult your installer.
- Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

Important

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an 'up-stand'. The finished installation space may be less than the nominal tray size. MERLYN shower units are made to suit this remaining space.

Tray Finish min-max

The Tray Finish applies when fitting a door and a tray. These are the minimum and maximum dimensions that a shower door or enclosure will fit using standard wall profiles.

Tray finish

To find the correct Tray Finish dimension:

In a recess: Measure from the finished, tiled wall to the opposite finished, tiled wall.

In a corner: Measure from the finished, tiled wall to the edge of the tray.

Note: If the wall/walls are leaning in, this will further reduce your Tray Finish.

Adjustment

This is the min and max adjustment of the actual enclosure. These are the adjustment dimensions of the actual door excluding the tray. Therefore, these are the dimensions to follow when installing a enclosure in a wetroom application without a tray.

The guide below may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.

Recess location

Take the measurements after the tray is installed and the walls are tiled.

MERLYN revo

PRODUCT INFORMATION

Please read the complete instructions before commencing fitting.

This product must be installed by a qualified contractor. MERLYN does not accept responsibility for incorrectly installed products. Merlyn suggest for ease of use that the revo rail is installed at a height of approx 900mm from the floor/tray level. This may vary depending on the user's requirements.

Masonry wall installation

The rail product has been designed to withstand a vertical static load of 150KG. Exceeding this load may cause permanent damage. The fixings must be anchored into the below masonry wall types only

- Concrete ≥ C12/CSS
- Solid brick ≥ Mz12 (DIN 105)
- Sand-lime perforated brick ≥ KSL12(DIN 106)

Timber stud installation

When fixing into a timber stud no wall plug is used. The fixing must be anchored directly into a wooden stud or noggin with a depth no less than 60mm. Alterations to an existing stud frame may be necessary so that fixings are positioned directly into a stud or noggin.

Under no circumstances should this product be anchored through just tiles and tile adhesive with a backing of plasterboard, plywood, chipboard or similar.

DO NOT attempt to install the product unless you can tick all 5 boxes satisfactorily

- Check that you have the tools required
- Check the installation site is compatible with the rail supplied
- Check all rail components are present
- Check the installation kit is complete
- Check that your fixings are anchoring into a compatible wall type or directly into a timber stud/noggin with a depth no less than 60mm

CLEANING AND MAINTENANCE

It is important to clean your Merlyn revo rail after every use. Wipe down all parts with a soft cloth. Do not allow limescale to build up in hard water areas. Ensure that any residual water on the rail and container are removed after every use. If necessary the stainless steel base can be removed from the bottom of the container for ease of cleaning.

- Clean the components regularly using soapy water
- Do not use abrasive products on any surfaces
- Do not clean parts in a dishwasher

WARNING

The chrome and plastic components are vulnerable to

- hair dyes
- strong disinfectants
- strong household cleaners
- denture cleaners
- wine making or photographic chemicals

These may contain dyes, acid or abrasive chemicals which may have a varying effect on the surface from black spot/ streaks (which cannot be removed) to pitting the surface.

Contact with these materials should be avoided. If the container or other parts do encounter these dyes or chemicals please rinse thoroughly immediately after contact

Guarantee

MERLYN 15 year guarantee covers all metal parts on products used for Domestic purposes only. MERLYN guarantee all plastic and wearable parts against defect in materials for a period of 1 year from the date of purchase. The products must be installed and maintained in accordance with the instructions provided.

The guarantee does not cover:

- Non product faults such as damage caused by over loading of the accessory arm, improper use, inappropriate cleaning, lack of maintenance, build up of limescale, corrosion, chemical attack or where no fault has been found with the product
- Accidental or wilful damage
- Damage or defect caused by the repairing or modification by the user or installer

UKCA, CE & EN Information

The UKCA (UK Conformity Assessment) mark on MERLYN enclosures is the new standard marking for products on the market in Great Britain (England, Wales and Scotland). It is a declaration that the product complies with GB designated standards.

The CE markings on MERLYN enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

EU and GB legislation requires manufacturers to display either the UKCA mark for Great Britain and a CE mark for the EU and Northern Ireland on their product or packaging. It is an offence to place a product on the relevant market without a UKCA for Great Britain or CE marking for the EU market. The UKCA marking came into effect on 1st January 2022.

The manufacturer is legally responsible for ensuring that the product conforms to the requirements of both directives. The European Commission thus refers to the CE marking as a "Passport" which allows products to be freely circulated

within the EU single market. The UKCA marking allows products to move freely within Great Britain.

Often consumers will consider the UKCA and CE markings on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. Both markings are often seen by consumers as a "Symbol of Safety."

New GB, EU and NI label

MERLYN invests heavily in its product development and as such guarantees that its glass fully complies with regulations and is manufactured in accordance with BS EN 14428. The rigorous testing of the glass ensures that the endurance, stability and water retention criteria meet high industry standards.

ISO Certification

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards

into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN's credibility but also to instil confidence in our potential clients that MERLYN will keep its promises.

Packaging guide

Please note from our packaging guide the number of boxes your door will be supplied in, depending on its size and model.

Side Panels are supplied in a separate, extra box. If the enclosure ordered is not listed in the guide, the product, installation guide and fixing kit are supplied in 1 box. Some products are handed, please state Right Hand (R) or Left Hand (L) when ordering.

Please Note

Prices were correct at time of print April 2023. V.A.T. at the rate of 20%. E&OE. Due to circumstances beyond our control, prices may be altered including changes to the rate of V.A.T.

Due to our policy of continuous improvement, we reserve the right to amend prices, specifications and designs without prior notice. Images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.
