Kitchen Taps & Sinks

Contents

Introduction 4

We've covered some of the key things to consider when choosing your new kitchen tap or sink, as well as information on our quality standards and guarantees.

Gallery taps 10

Our range of Gallery taps provide all the solutions for your home. From fresh, filtered cold water to a useful filtered, boiling water tap that's safe to use.

Single handle mixer taps 16

Single handle taps help busy cooks control water flow with just one hand. More contemporary in styling than twin handles, they look great in a modern, open-plan kitchen.

Twin handle mixer taps 28

Featuring separate hot and cold water handles or levers, twin handle kitchen taps create a classic style best suited to a more traditional kitchen.

Pull out mixer taps 44

Designed to make life easier, our pull-out spray or nozzle makes food preparation and cleaning a breeze.

Two hole taps 50

If you're specifically looking for taps to fit a two-hole kitchen sink then head straight over to page 46. Designs include both bridge and pillar taps, so there's plenty to choose from.

Sinks 56

Our range of quality kitchen sinks are beautifully finished in a wide range of styles and built to last, we think every customer will love them. What makes our sinks unlike any other is that they come pre-installed with our Easyfit base, flexible tails and a choice of Easyfit taps.

Welcome

Looking for the perfect kitchen tap or sink?
You've come to the right place.

From the convenience of our Rapid 4-in-1 Boiling Water Taps to the simplicity of our unique Easyfit sinks, you'll find something that helps take the everyday and makes it brilliant.

We've even included a handy selection of icons to clearly highlight the benefits of each product so you can easily evaluate each one. Happy hunting.

The Bristan Team

Product benefits explained

Precise Glide
Features ceramic cartridges for long life durability and more precise control.

Luminance Chrome
A hard-wearing, flawless finish that lasts for years. It's also scratch resistant and salt spray tested to ensure added durability.

Easy Fit Installation
Designed to make installation quicker and easier.

Gallery Tap Range
Find your perfect match with our Gallery Tap range on page 10.

Easyfit
Smart Easyfit technology makes our kitchen taps easy to fit and even easier to change.

For the heart of your home

Bristan is the UK's number one taps and showers company.

For over 40 years, Bristan has been creating products that help make the everyday easier, safer and more efficient. Designed and engineered here in Britain, we pour our heart and soul into creating styles and collections that perform as good as they look. As a result, you'll find our products right at home within 1 in 5 British households.

Brilliantly practical

From chrome that stays brilliant with the simple wipe of a cloth to unique features that make installation a breeze, Bristan taps are the ultimate in practicality.

Inspired functionality

Want to make life in the kitchen a little easier? Take note from the professionals. Pull-out sprays (pages 44-49) are excellent for rinsing vegetables and washing dishes, while filter taps (pages 13 and 15) allow you to instantly fill your glass with fresh, filtered water.

Exceptional choice

Whether you're looking for jaw dropping style or time-saving professional features, you'll find your ideal tap with Bristan.

Proven quality

We design and engineer our products here in the UK, so you can be sure everything conforms to UK water regulations. However, it doesn't end there. To make sure our products keep delivering year after year, we push all our designs to the limit in our very own certified state-of-the-art testing centre.

Flawless performance, guaranteed

Durability

Created using high quality materials, we do everything to make sure our taps and sinks provide you with years of trouble-free service. And that includes pushing every design to the absolute limit in our own industry-leading testing centre just to make sure.

Peace of mind

Once you've bought something, you don't want to worry. That's why we provide rock-solid warranties, extended guarantees - and award-winning customer service whenever you need it.

Easyfit

Our unique Easyfit system makes tap installation and replacement a dream. Available in contemporary and traditional styles, it's never been easier to keep your kitchen right on trend.

Easyfit
FASTER. SMARTER.

Now guaranteed for 10 years.

At Bristan, we're constantly inspired by our customers to make improvements across our range.

That's why we have enhanced the specification of our core range of taps with next-generation components that make our taps perform even better than before. Across our kitchen tap ranges* you'll find products that are quieter, smoother and even more durable.

In fact, we're so confident of the quality of our new and updated components that we've increased our guarantee period from 5 to 10 years.

Turn to Bristan for taps with technology you can trust.

Thanks to our new ceramic cartridge at the heart of them, our taps will stand up to whatever tests family life throws at them, time and time again. That's a promise, that's a 10 year guarantee.*

*Exclusions, terms and conditions apply. See Bristan.com for full details.

GALLERY

No matter what your lifestyle, there's a Gallery Tap that's right for your home. From fresh, filtered cold water to a useful filtered, boiling water tap that's safe to use. All you need to do now is find your **perfect match.**

Gallery Flex Sink Mixer

GLL FLEXSNK C
Chrome £245

Height 490mm, Projection 230mm

FLEX

Made with memory flex material, this handy tap can be bent into any shape you choose. Angle the flow at awkward sink corners for easy cleaning, or twist it where you need it to fill pots and pans. Unlike a pull-down spray, it'll stay in place hands-free, leaving you to get on unhindered.

Pairing smooth matte black with slick and luminous hard-wearing chrome, it has a professional yet contemporary high-end look, allowing it to slot perfectly into your pioneering style.

Gallery Pure Sink Mixer with Filter

PURE

The Gallery Pure makes it easier than ever to get fresh, filtered water on demand. Simply push its easy-to-use button at the end of the spout to dispense pure fresh water without the need for any bottle or container. For regular hot and cold water, simply use its large and tactile side handle.

Finished in shimmering, hard-wearing chrome, its minimalist styling provides a clean, uncluttered look to any kitchen. Ideal for design purists who like smart interiors without the fuss.

Pro Glide

For the Professional

Gallery Pro Glide pairs simple innovation and top functionality with a gorgeous design. Featuring an easy-to-use pull-out spout, it's perfect for rinsing and washing vegetables.

However, this isn't just any ordinary pull-out spray. Pro Glide detaches smoothly from the end of the spout and will retract, rotate and dock automatically when you're finished. Innovative, slick and sure to impress, you won't just feel like a professional in the kitchen: you'll look like one, too.

Rapid
4 in 1

For The Multi-Tasker

Whether you're making the perfect brew or reaching for a glass of fresh, filtered water, our Rapid 4 in 1 mixer tap does it all. Simply use the touch-sensor control to select filtered or boiling water.

Clever features include a touch control button that needs to be pressed before dispensing boiling water. These help make sure the Rapid 4 in 1 isn't just brilliantly convenient, it's incredibly safe, too.

Applies to GLL RAPSNK4 SF C
& GLL RAPSNK3 SF C

Perfect water. Supplied 5 stage filter system reduces water hardness, removes bad tastes and prolongs the life of your tank. Six monthly replacement of filter cartridge required.

RAP SCALE FILT £144

Rapid
3 in 1

For The Innovator

More and more homes are saying farewell to the kettle in favour of the boiling water tap. Quick, convenient and space saving, it's sure to be a welcome addition to your kitchen.

Our Rapid 3 in 1 Boiling Water Tap gives you hot, cold or boiling water, with seven handy temperature settings. Rigorously tested, it combines guaranteed reliability and classic looks with a range of smart safety features.

New and improved filter system

Whether or not you live in a hard water area, our new and improved filter can give you even more benefits when using your Boiling Water Tap, including:

- **Removes limescale** - the filter removes limescale and eliminates issues caused by hard water, prolonging the life of the product.
- **Clean before it starts** - the filter includes pre-filtration which cleans water before it even enters the system.
- **Even cleaner water** - fine filtration and a solid membrane filter removes even smaller particles once water enters.
- **Even better taste and quality** - using a carbon block, the filter absorbs chlorine and other chemicals to improve the water quality and the taste, giving you the perfect tasting tea or coffee.

Sinks

Our kitchen sinks are designed to look great and built to last. Even better, they're also ridiculously easy to install. With our unique Easyfit system, you simply fit your sink, push on the taps, tighten the grub screws... and you're done.

So whether you're doing it yourself or getting help from a plumber, you can look forward to a hassle-free installation and a beautiful new kitchen sink, super quick.

Quartz Sink
SEE PAGE 60

Easyfit sinks

What makes our Easyfit sinks unique? Each one comes pre-installed with an Easyfit tap base system, so they're much quicker and less fiddly to fit.

There are two ways to buy – either choose your Easyfit sink and taps separately or simply snap up a pre-selected kitchen sink and tap bundle. That way, absolutely everything you need to install your sink is included: Easyfit base, strainer waste, overflow, pipework, flexible inlet pipes and isolators. There's even a template for cutting your worktop.

Easyfit
FASTER. SMARTER.

EASY AS 1, 2, 3

Fitting an Easyfit sink is an absolute doddle.

- 1** Fit your chosen sink using the fitting instructions.
- 2** Attach the pre-fitted flexi tails and isolators to the existing water supply.
- 3** Push the tap body on and tighten both grub screws to finish.
